## Ruby on Rails Developer

### Description

Excel SoftSources is a very stable company working in Costa Rica since 2006 and we provide quality staff augmentation for our software developing clients in the US. We work M-F, 40 hours a week, working from home 4 days a week.

We are looking for an ambitious and self-driven Ruby on Rails Developer to join our team. You will be responsible for implementing visual elements that users see and interact within a web application, which makes your role crucial for the success of our business.

### Responsibilities

At our company, you will be working with the latest technology, you will have the chance to advance and grow your career.

### Qualifications

#### Qualifications

We are looking for:  
5+ years of software data integration experience  
Strong expertise in RubyOnRails  
Working knowledge of React  
Experience with the API toolset: REST, HTTP, GraphQL, JSON, XML, Postman, etc.  
Experience in SQL, MongoDB, ElasticSearch  
Experience with Git, Continuous Integration, and Continuous Delivery mechanisms  
Experience with RSpec

With a great fit having:

Strong expertise with React  
Strong expertise with RSpec  
Experience in Unit/Integration testing of APIs  
Strong expertise with MongoDB and ElasticSearch  
Working knowledge of Docker  
Strong experience with open source tooling  
Bachelor's Degree and/or equivalent relevant experience in a technical field
